

List of Cleaning Solvents

<b>Rhomar Industries</b>	<a href="http://rhomar.com">http://rhomar.com</a>	
Enviro-Slide	Never-Stick Asphalt Release Agent	Never-Stick Technology that easily releases today's super-sticky, polymer modified mixes, while meeting or exceeding tough federal, state and local regulations.
Pave Safe	High Flash – Low VOC Asphalt Emulsifier	PAVE-SAFE is a safe and effective way to remove asphalt and tack oil deposits without using solvents that have low flash points or high volatile organic compounds.
RHOMA-SOL™	Asphalt and Tack Oil Remover	RHOMA-SOL gives you an environmentally responsible way to safely melt away tough asphalt and road oil spills, splatters and oversprays!
<b>Orange-sol</b>	<a href="https://www.orange-sol.com/">https://www.orange-sol.com/</a>	This is the One we use at Stepp in the service dept. This stuff is awesome. Even works on Mastic and Rubber cracksealer
<b>Soysol</b>	<a href="https://www.soysolv.com">https://www.soysolv.com</a>	
<b>Monster Lubricants</b>	<a href="http://www.monsterlube.com/content/manufacturing-equipment">http://www.monsterlube.com/content/manufacturing-equipment</a>	
	<b>Concrete and Asphalt Release</b>	Ranked # 1 for Stripability and NON-Staining. Our specially formulated IVB blend of environmentally friendly and biodegradable heat resistant oils allows for the product to be blended with water at ratios upwards of 12:1. This unique formula creates a heat resistant, nonstick barrier on truck beds, paving equipment and tool surfaces. Our biodegradable, Asphalt and Concrete Release last longer, and allows longer time between applications. Safe to use on all surfaces and in environmentally sensitive areas. Our formulas outperform traditional petroleum based and synthetic products . Monster Lubricants are safer for you your family and the environment.
